Art Unit: 3737

This application is in condition for allowance except for the following formal matters:

Claim Objections

Claims 8-12 are objected to because of the following informalities: The invention set forth in claim 8 is directed to a subcombination of a system for positioning a patient. The couch and the treatment device are not set forth as part of the claimed invention and are only inferentially set forth in the preamble, directed to the intended use of the system. Therefore, the treatment device can not be set forth as being "coupled to the processor" (see lines 13-15) in that such a recitation implies the treatment device to be part of the claimed invention. Appropriate correction is required.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
